

IDC College/ Pro Dive Academy

Marbella/ Spain

Dive Instructor PRO Traineeship – 13 weeks

General Information

This is a comprehensive package of professional dive training at the IDC College/ PRO DIVE Academy in Marbella, leading to PADI's Open Water Scuba Instructor qualification, the passport to worldwide job opportunities. This traineeship follows the well established PADI modular programme starting with Advanced Open Water Diver. It includes a list of specialty courses to ensure you are competent in all areas of dive operation.

The traineeship includes a work and dive away experience - a two weeks period after your Divemaster assessment where you log more dives, gain experience and take your first steps as a dive professional. In the first week you assist on dive courses in Marbella. In the second week you travel to the Costa de la Luz at the Atlantic Ocean for a week, diving in paradise; accommodation and guide are included.

After the dive away, you return to Marbella to take part in the DSD leader course, your first steps in teaching. Next you join your Instructor Development Course (IDC). This is designed to teach you all you need to know about diver training within the PADI system, as well as preparing you for the specific job of teaching the sport. The IDC is followed by PRO DIVE's own IDC Plus. Here you recap essential dive skills, practice your teaching techniques and undertake a mock exam. A short period of revision and practical rehearsal ensures you are ready to pass your PADI Instructor Examination with flying colours.

Duration:	13 Weeks Full-Time
Start Dates:	18 th of Feb., 16 th of June, 25 th of Aug. 2008
Investment:	7.521 €
