## **Dive Instructor SPORT (Fast Track) – 3 weeks**

### **General Information**

A fast-track from Divemaster to Instructor Examination, to qualify as a PADI Open Water Scuba Instructor.

You start with a pre-assessment and orientation to the instructor training process. This is followed by the Instructor Development Course (IDC). This is designed to teach you all you need to know about dive training within the PADI scheme, as well as preparing you for the specific job of teaching the sport. This is followed by PRO DIVE's IDC Plus, where you recap the essential skills, practice your teaching techniques and undertake a mock exam. A short period of revision and practical rehearsal ensures you are ready to pass your Instructor Examination with flying colours.

This course does not include the many PADI specialties of our longer traineeships, but if you are a qualified PADI Divemaster this is a quick route to Instructor certification, and a passport to worldwide employment.
