## **Divemaster PRO Traineeship – 8 weeks**

### **General Information**

This is an extensive package of professional dive training at the IDC College/ PRO DIVE Academy in Marbella, leading to PADI's Divemaster qualification, a passport to worldwide job opportunities. A Divemaster rating is the basic qualification required for professional work in the recreational dive industry. This traineeship follows the well-established PADI modular training system, starting with Open Water Diver. It includes a list of specialty courses to ensure you are competent in all areas of dive operation to that level.

The last two weeks of the programme are spent on a work/dive away experience - a period after your Divemaster assessment, where you log more dives, gain experience and take your first steps as a dive professional. In the first week, you assist on dive courses in Marbella. In the second week you travel to the Costa de la Luz at the Atlantic Ocean for a week, diving in paradise. Accommodation for the second week is included.
